writing for green

Lesson 6 Handout: Script Writing Template

Draft your script based on the story you worked on in the previous lesson. Make sure you incorporate the typical content a funder would require in a video submission (an organizational background, overview of the problem/need you are working to solve, your proposed solution to the problem, and a call to action), being mindful of keeping the script within ~2-3 minutes.

Script for [Project Name]	
Timestamp (minutes: seconds)	**Script-text**
0:00-15:00	*(Main Narrator): Every child deserves access to quality education - yet in Kent County, three schools shut down just last year.*
